PREVENTIVE MEDICINE — OCCUPATIONAL MEDICINE — AEROSPACE MEDICINE

VOLUME 1

JULY THROUGH DECEMBER, 1960

AMERICAN MEDICAL ASSOCIATION Publication

AUTHOR AND TITLE INDEX TO VOLUME 1

In this Index in alphabetical order are the names of the authors of all articles and of all articles abstracted, followed by the page number on which the article or the abstract begins. Abstracts are indicated by [abst.] following the title. Page numbers in the Index refer to bold face (dark) numbers in the text.

For Subject Index see page [109/565].

A

- Ahlmark, A.; Bruce, O. T., and Nystrom, A.:** On progressive tendency of silicosis [abst.], 63
- Altshuller, A. P., and Cohen, I. R.:** Application of diffusion cells to production of known concentrations of gaseous hydrocarbons [abst.], 364
- Schwab, C. M., and Bare, M.:** Reactivity of oxidizing agents with potassium iodine reagent [abst.], 79
- and Wartburg, A. F.:** Ultraviolet determination of nitrogen dioxide as nitrite ion [abst.], 80
- Amdur, M. L.:** Accidental group exposure to acetonitrile: clinical study [abst.], 68
- Anderson, F. C.:** Subjective noise meters [abst.], 64
- Anderson, J., and Campagna, F. A.:** Asbestosis and carcinoma of lung: case report and review of literature, 27
- Anderson, O. W., and Rosen, G.:** Examination of concept of preventive medicine [abst.], 145
- Anderson, W. H.; Hamilton, G. L., and Dossett, B. E., Jr.:** Comparison of coal miners exposed to coal dust and those exposed to silica dust 540
- Antweiler, H., and Hirsch, E.:** Further experiments on animals to study problem of antibody formation in case of silicosis [abst.], 161
- Armelles, V. Barbera:** See Barbera Armelles, V.
- Ashe, H. B.:** See Parrish, H. M., jt. auth.
- Augustine, M. S.:** See Kleinman, G. D., jt. auth.
- B**
- Baader, E. W.:** Self-poisoning with lead [abst.], 368
- Baetjer, A. M.; Joardar, S. N. D., and McQuary, W. A.:** Effect of environmental temperature and humidity on lead poisoning in animals, 463
- Baker, R. A., and Doerr, R. C.:** Methods of sampling and storage of air containing vapors and gases [abst.], 165
- Balchum, O. J.; Dybicki, J., and Meneely, G. R.:** Absorption and distribution of $S^{35}O_2$ inhaled through nose and mouth by dogs [abst.], 61
- Baldus, W. P., and Peter, J. B.:** Farmer's lung: report of two cases [abst.], 163
- Baldwin, M.:** Problem of temporal lobe epilepsy in occupational medicine, 253
- Barbera Armelles, V.:** Silicosis in foundries [abst.], 64
- Barrie, H. J., and Gosselin, L.:** Massive pneumoconiosis from rock dust containing no free silica: nepheline lung, 109
- Barth, W.:** Fundamental investigations on cleaning capacity of water drops [abst.], 167
- Bartoniczek, V., and Soucek, R.:** Metabolism of trichloroethylene in rabbits [abst.], 159
- Becklake, M. R.; Zwi, S., and Lutz, W.:** Studies on nature and etiology of respiratory disability in Witwatersrand gold miners free of radiological silicosis [abst.], 75
- Bell, Z. G.:** See Davis, A., jt. auth.
- Bellville, J. W., and Seed, J. C.:** Respiratory carbon dioxide response curve computer [abst.], 146
- Belth, S. M.; Kaplan, E., and Couchman, C. E.:** Collection and determination of chromium in urban atmosphere, 311
- Benton, J. G.:** Evaluation of cardiac patient for work capacity [abst.], 163
- Berghout, C. F.:** Spray painting without compressed air, 534
- Berlin, M., and Friberg, L.:** Bone-marrow activity and erythrocyte destruction in chronic cadmium poisoning: studies with Fe^{59} on rabbits, 478
- Berry, C. M.:** Industrial hygiene for farm by mail order [abst.], 63

ARCHIVES OF ENVIRONMENTAL HEALTH

- Birk, R. E.: Clinical survey of cross-section of industrial worker group, 291
 - Bischel, M. G.: See Wirtschafter, Z. T., jt. auth.
 - Block, W. D.: See Cornish, H. H., jt. auth.
 - Bonnell, J. A.; Ross, J. H., and King, E.: Renal lesions in experimental cadmium poisoning [abst.], 368
 - Boogaerdt, C. A., and De Mooij, H.: Air pollution from soldering fumes [abst.], 149
 - Borneff, J.: Heat radiation particularly in glass works [abst.], 60
Investigations on heat radiation in iron-works [abst.], 64
 - Bost, W. E.: Toxicity and other hazards of beryllium and rocket propellants: literature search [abst.], 68
 - Boyd, J. T.: Meteorological conditions and mortality (abridged) [abst.], 165
 - Brandaleone, H.: Heart disease and motor vehicle accidents [abst.], 149
 - Brieger, H.: See LaBelle, C. W., jt. auth.
Chelating agents in prevention and treatment of occupational diseases, 271
 - Broch, C.: Absence rates among crane drivers of Oslo Harbor 1946-1957 [abst.], 63
 - Brouha, L.: Effects of muscular work and heat on cardiovascular system [abst.], 154
 - Brown, E. J.: How to select multiple-leak dampers for proper air flow control [abst.], 167
 - Buckley, W. R., and Lewis, C. E.: "Ruster" in industry [abst.], 73
 - Buechner, H. A.: Bagassosis: medical enigma [abst.], 365
 - Bugyi, B.: Coniomycosis of rice workers [abst.], 163
 - Burney, L. E.: Smoking and lung cancer: statement of Public Health Service [abst.], 77
- C
- Cadle, R. D., and Thuman, W. C.: Filters from submicron-diameter organic fibers for collecting particles from stratosphere [abst.], 164
 - Caldwell, D. M.: Coalescent lesion of diatomaceous earth pneumoconiosis [abst.], 75
 - Calero, C.; Fior, R., and Pestalozza, G.: Occupational deafness in steel industries [abst.], 369
 - Calnan, C. D.: Cement dermatitis [abst.], 73
 - Campagna, F. A.: See Anderson, J., jt. auth.
 - Campbell, E. J. M., and Howell, J. B. L.: Simple rapid methods of estimating arterial and mixed venous pCO₂ [abst.], 148
 - Campbell, E. P.: Role of International Cooperation Administration in international health, 502
 - Campbell, P. A.: Medical aspects of ambient radiations of extraterrestrial space [abst.], 168
 - Cartwright, A.; Martin, F. M., and Thomson, J. G.: Distribution and development of smoking habits [abst.], 57
 - Charsha, R. C.: See Wetherhold, J. M., jt. auth.
 - Chatgidakis, C. B.: Incidence of malignant disease in 1,620 African (Bantu) gold miners: autopsy survey, 17
Study of bronchial mucous glands in white South African gold miners: histological survey, 335
 - Christofano, E., and Harris, W. B.: Industrial hygiene of uranium refining, 438
 - Chvapil, M., and Holeckova, E.: Effect of different concentrations of silicic acid and silica dust on biosynthesis of collagen in tissue cultures [abst.], 74
 - Clayton, G. D.: Industrial hygiene needs of future [abst.], 56
 - Cleveland, F. P.: See Tveon, J. F., jt. auth.
 - Condra, N. I.: See Weil, C. S., jt. auth.
 - Cooper, E. A.: Bag for measuring respiratory volumes [abst.], 147
 - Corday, E., and Jaffe, H.: Routine cardiac fluoroscopy—unnecessary health hazard [abst.], 168
 - Cornish, H. H., and Block, W. D.: Study of carbon tetrachloride: II. effect of carbon tetrachloride inhalation on serum and tissue enzymes, 96
 - Couchman, C. E.: See Belth, S. M., jt. auth.
 - Cox, J.; Woolmer, R., and Thomas, V.: Expired-air resuscitation [abst.], 364
 - Cronk, G. A.: See Prior, J. T., jt. auth.
 - Croton, L. M.: Carbon monoxide poisoning: current controversy [abst.], 149
- D
- Dalhamn, T.: Freon as cause of poisoning [abst.], 65
 - David, A.: Bone marrow in industrial lead poisoning [abst.], 153

AUTHOR AND TITLE INDEX TO VOLUME 1

Davis, A.; Schafer, L. J., and Bell, Z. G.: Effects on human volunteers of exposure to air containing gasoline vapor, 548

Dawber, T. R.; Kannel, W. B.; Revotskie, N.; Stokes, J.; Kagan, A., and Gordon, T.: Some factors associated with development of coronary heart disease. Six years' follow-up experience in Framingham study [abst.], 362

Deichmann, W. B.; Bernal, E., and Kep-linger, M.: Effects of environmental temperature and air volume exchange on survival of rats exposed to microwave radiation of 24,000 megacycles [abst.], 62

Dosssett, B. E., Jr.: See Anderson, W. H., jt. auth.

Drossler, H.; Szongott, M.; Panzer, E., and Kitzler, W.: On determination of "critical dust concentrations" in Austria [abst.], 152

Dunning, J. M.: Shield for patient protection in dental x-ray work [abst.], 169

Dyson, N. A.; Hugh-Jones, P.; Newbery, G. R.; Sinclair, J. D., and West, J. B.: Studies of regional lung function using radioactive oxygen [abst.], 148

E

Eckardt, R. E.: Hydrogenation of coal, 232

Edenfield, R. W.: Clinical and roentgenological study of kaolin workers, 392

Eisinger, G.: See Rosenblum, I., jt. auth.

Elšanova, E. V.: Data for determination of maximum permissible concentration of hydrogen chloride aerosols in atmospheric air [abst.], 78

Elsom, K. A.; Schor, S.; Clark, T. W.; Elsom, K. O., and Hubbard, J. P.: Periodic health examination [abst.], 73

Engelbrecht, F. M.; Byers, P. D.; Stacy, B. D.; Harrison, C. V., and King, E. J.: Tissue reactions to injected aluminum and alumina in lungs and livers of mice rats, guinea pigs, and rabbits [abst.], 72

Erkelens, H. J.: Development of probe for measuring coefficient of thermal conductivity in building materials [abst.], 168

Estes, F. L., and Gast, J. H.: In vitro effects of aliphatic nitro compounds on tissues, 47

Evans, D. M.: Cadmium poisoning [abst.], 149

F

Fassett, D. W.: See Sutton, W. L., jt. auth.

Fay, J. W. J., and Rae, S.: Pneumoconiosis field research of National Coal Board [abst.], 151

Felton, J. S., and Rozas, C. J.: Decontamination of human skin experimentally soiled by radioactive materials, 87

Frada, G., and Gucciardi, G.: Therapeutic effects in man of associated treatment with ACTH, chlorpromazine and atropine on phosphoric esters poisoning [abst.], 369

Franco, S. C.: Company program for problem drinking: ten years' follow-up [abst.], 164

Freytag, J.; Nicewicz, W., and Pleszczynski, W.: Dust concentration during threshing work and investigation of microflora of dust [abst.], 150

Friberg, L.: See Berlin, M., jt. auth.

Funcke, A. J.: Treatment of severe parathion poisoning with 2-pyridine aldoxime methiodide [2-PAM]: report of case, 404

G

Gaskill, J. R., and Meadora, O. L.: Transistorized voice amplifier for use with respiratory masks [abst.], 58

Gast, J. H.: See Estes, F. L., jt. auth.

Gaultier, M.; Guyotjeannin, C., and Fournier, E.: Investigations of serum of silicotic subjects for presence of C-reaction protein [abst.], 71

Gildenskiold, R. S.: Maximum permissible concentration of carbon bisulphide in atmospheric air of residential districts [abst.], 78

Goldsmith, J. R., and Rogers, L. H.: Health hazards of automobile exhaust [abst.], 145

Gosselin, L.: See Barrie, H. J., jt. auth.

Graber, R. C.: Atmospheric pollution, the problem—over-all view: new decade inherits rolling snowball (engineering aspects of air pollution), 234

Grandjean, E.: Trichloroethylene effects on animal behavior: effects of trichloroethylene vapors on food motivated conditioned climbing reaction of rats, 106

Green, R. S., and Borousch, E. L.: Return to work of patients with angina pectoris and/or myocardial infarction [abst.], 163

Grutzmacher, M.: Traffic noise problems in Germany [abst.], 57

Gupton, E. D.; Davis, D. M., and Hart, J. C.: Criticality accident application of ORNL badge dosimeter [abst.], 169

Guyotjeannin, C.: Increase in copper content of blood in silicosis [abst.], 151

Guzman, R. J.: See Hine, C. H., jt. auth.

I

Habil, L.: Quantitative measurement of solvent concentrations in air [abst.], 61

Hake, C. L.; Waggoner, T. B.; Robertson, D. N., and Rowe, V. K.: Metabolism of 1,1,1-trichloroethane by rat, 101

Hamill, P. V. V.: Atmospheric pollution, the problem—over-all view: environmental straw that could break camel's back (medical aspects of air pollution), 241

Hamilton, G. L.: See Anderson, W. H., jt. auth.

Harris, W. B.: See Christofano, E., jt. auth.
Public protection in open exhibit of radioactivity, 377

Hasenclever, D.: Testing filters for use with radio-active aerosols [abst.], 167

Healy, J. K.: Ascending paralysis following malathion intoxication: case report [abst.], 162

Hendrickson, E. R.: Graduate education for air pollution control personnel [abst.], 77

Hesch, D. J.: Anaphylactic death from use of throat lozenge [abst.], 56

Higgins, I. T. T.; Cochrane, A. L.; Gillson, J. C., and Wood, C. H.: Population studies of chronic respiratory disease: comparison of miners, foundry-workers, and others in Staveley, Derbyshire [abst.], 65

Hine, C. H.; Hogan, M. J.; McEwen, W. K.; Meyers, F. H.; Mettler, S. R., and Boyer, H. K.: Eye irritation from air pollution [abst.], 169

Kodama, J. K.; Guzman, R. J., and Loquvam, G. S.: Toxicity of allyl-amines, 343

Hodgson, G.: Tolerance of skin to lubricating and cutting oils [abst.], 73

Howland, A. H.; Kimber, D. E., and Littlejohn, R. F.: Measurements of air movements in house using radioactive tracer gas [abst.], 372

I

Icos, E.: Sedimentation balance [abst.], 61

Irani, R. R., and Callin, C. F.: Accurate particle size distribution with electroformed sieves [abst.], 81

J

Jacobziner, H.: Causation, prevention, and control of accidental poisoning [abst.], 56

Jefferys, M., and Wood, C. H.: Survey of small factories [abst.], 364

Joardar, S. N. D.: See Baetjer, A. M., jt. auth.

Johnson, W.; Kindavatter, V. H., and Shaw, C. C.: Radiation hazards aboard guided missile cruiser [abst.], 58

Jones, A. T.: Fatal gassing in acetylene manufacturing plant, 417

K

Kaplan, E.: See Belth, S. M., jt. auth.

Kaplan, I.: Relationship of noxious gases to carcinoma of lung in railroad workers [abst.], 76

Kasbekar, D. K.; Lavate, W. V.; Rege, D. V., and Sreenivasan, A.: Study of vitamin B₆ protection in experimental liver injury to rat by carbon tetrachloride [abst.], 167

Kehoe, R. A.: In memoriam—George Howard Gehrmann, M.D., 1890-1959, 177

Kern, R.: Animal experiments with quartz containing ash obtained from lungs of acute and chronic silicotic subjects [abst.], 66

Kessler, R. C.: Pulmonary sensitization to toluene diisocyanate—case report [abst.], 153

Ketcham, N. H., and Norton, R. W.: Hazards to health in hydrogenation of coal: III. industrial hygiene studies, 194

Klauder, J. V.: Patch test study to determine cutaneous reaction to new compounds, 407

Kleinfeld, M., and Messite, J.: Problem areas in pneumoconiosis, 428

Kleinman, G. D.; West, I., and Augustine, M. S.: Occupational disease in California attributed to pesticides and agricultural chemicals, 118

Kodama, J. K.: See Hine, C. H., jt. auth.

AUTHOR AND TITLE INDEX TO VOLUME 1

- Kopplin, J. O.; Eaton, J. R., and Christian, J. E.: Studies on adsorption of odorous materials: II. surface potential changes due to adsorption of alcohol vapors [abst.], 166
- Eaton, J. R., and Christian, J. E.: Studies on adsorption of odorous materials: I. surface potential changes of solid and liquid adsorbing surfaces [abst.], 166
- Kordecki, M. C., and Orr, C., Jr.: Adhesion of solid particles to solid surfaces, 1

L

- LaBelle, C. W., and Brieger, H.: Fate of inhaled particles in early postexposure period: II. role of pulmonary phagocytosis, 423
- Lehmann, J. F.; McMillan, J. A.; Brunner, G. D., and Blumberg, J. B.: Comparative study of efficiency of short-wave, microwave, and ultrasonic diathermy in heating hip joint [abst.], 72
- Levin, W. C.; Schneider, M., and Gerstner, H. B.: Initial clinical reaction to therapeutic whole-body roentgen radiation—some civil defense considerations [abst.], 168
- Lewinsohn, H. C.; Capel, L. H., and Smart, J.: Changes in forced expiratory volumes throughout the day [abst.], 147
- Lewis, C. E.: Toxicology of organometallic compounds—Part 1 [abst.], 153
- Scherberger, R. F., and Miller, F. A.: Study of heat stress in extremely hot environments, and infrared reflectance of some potential shielding materials [abst.], 366
- Linch, A. L.: See Wetherhold, J. M., jt. auth.
- Linderholm, K. G.: Bacteriological and hygienic studies of vacuum-packed meat products [abst.], 147
- Loquvam, G. S.: See Hine, C. H., jt. auth.
- Lupu, N. G., and Velikan, K.: Problem of pneumoconiosis [abst.], 161

Mc

- McCord, C. P.: Metal fume fever as immunological disease [abst.], 149
- MacFarland, H. N.: Use of dimercaprol (BAL) in treatment of cadmium oxide fume poisoning, 487
- MacGregor, I. M.: Fog and health [abst.], 371
- MacNamara, J.; Prime, F. J., and Sinclair, J. D.: Increase in diffusing capacity of lungs on exercise: experimental and clinical study [abst.], 147

- McQuary, W. A.: See Baetjer, A. M., jt. auth.

M

- Maccherini, L., and Camarri, E.: Nitroglycol poisoning [abst.], 70
- Maggiorotti, P.: Activity of Center for Prevention of Occupational Deafness, January 1, 1953 to June 30, 1959 [abst.], 370
- Magos, L.; Batskor, I., and Csényi, L.: Carbon disulphide poisoning in artificial silk manufacture [abst.], 70
- Marks, G. S., and Marasas, L. W.: Changes in lung lipids of rabbits and guinea pigs exposed to inhalation of silica dust [abst.], 368
- Marks, J.: Further studies on neutralization of silica toxicity in vitro [abst.], 71
- and James, D. M.: Measurement of dust toxicity in vitro [abst.], 72
- Messite, J.: See Kleinfeld, M., jt. auth.
- Michalova, C.; Bartonicek, V., and Zastava, V.: Toxic action of carbon disulphide on tissues [abst.], 160
- Miczek, G.: Comparisons of investigations on cyclone dust collectors [abst.], 81
- Miklos, T.: Pathological characteristics of wood-dust, carborundum and corundum artificial grinding stone dust [abst.], 367
- Milijic, E., and Miletic, V.: On case of rapidly evolving silicosis [abst.], 367
- Miller, F. A.: See Sutton, W. L., jt. auth.
- Miller, S., and Ehrlich, R.: Susceptibility to respiratory infections of animals exposed to ozone: I. susceptibility to Klebsiella pneumoniae [abst.], 75
- Miller, S. E.: Proposed medical standards for operators of commercial vehicles [abst.], 362
- Mitchell, R. J., and Pilcher, J. M.: Improved cascade impactor for measuring aerosol particle sizes [abst.], 79

- Zimmer, C. E.; Tabor, E. C., and Stern, A. C.:** Particulate pollutants in air of United States [abst.], 77

SUBJECT INDEX TO VOLUME 1

The following Index contains an alphabetical list of all significant subjects presented in the volume. Abstracts are indicated by [abst.], Books reviewed are listed alphabetically by author and by title under the heading "Books." Page numbers in the Index refer to bold face (dark) numbers in the text.

A

Absenteeism

absence rates among crane drivers of Oslo harbor works, 1946-1957 [Broch, abst.], 63

days of disability due to heart conditions and high blood pressure: health statistics [U.S. Public Health Service, abst.], 363

return to work of patients with angina pectoris and/or myocardial infarction [Green & Borousch, abst.], 163

ABSTRACTS FROM CURRENT LITERATURE, 56, 145, 362

Accidents

accident toll in 1959 [abst.], 146
motor vehicle: heart disease and [Brandaleone, abst.], 149

Acetonitrile

accidental group exposure to: clinical study [Amdur, abst.], 68

Acetylene

fatal gassing in, manufacturing plant [Jones], 417

Aerosols

containing particles smaller than 0.1 micron: performance of membrane filters against [Walkenhorst, abst.], 166
formation from gaseous air pollutants [Prager et al., abst.], 370

hydrogen chloride: See Hydrogen chloride

radio-active: testing filters for use with [Hasenclever, abst.], 167

simple technique for generation of homogeneous millimicron [Stern et al., abst.], 372

Aerospace medicine

medical aspects of ambient radiations of extraterrestrial space [Campbell, abst.], 168

radiation hazards aboard guided missile cruiser [Johnson et al., abst.], 58

toxicity and other hazards of beryllium and rocket propellants: literature search [Bost, abst.], 68

Agricultural chemicals: See under Chemicals

Air

compressed: spray painting without [Ferghout], 534

movements: measurements of, in house using radioactive tracer gas [Howland et al., abst.], 372

Air conditioning

odor control methods in air conditioned space [Viessman, abst.], 81

Air pollution

aerosol formation from gaseous air pollutants [Prager et al., abst.], 370

atmospheric pollution, problem—over-all view: engineering aspects of [Graber], 234

atmospheric pollution, problem—over-all view: medical aspects of [Hamill], 241

chromium in urban atmosphere: collection and determination of [Belth et al.], 311

eye irritation from [Hine et al., abst.], 169

gasoline vapor: effects on human volunteers of exposure to air containing [Davis et al.], 548

graduate education for control personnel [Hendrickson, abst.], 77

health hazards of automobile exhaust [Goldsmith & Rogers, abst.], 145

hydrocarbons, polynuclear aromatic, in particulates of diesel exhausts in railway tunnels and in particulates of urban atmosphere [Moore & Katz, abst.], 370

laws, state: digest of [U.S. Public Health Service Publication, abst.], 76

meteorological conditions and mortality: London fog disaster [Boyd, abst.], 165

nitrogen oxide formation in autoignition of liquid fuel-sprays [Mullaney, abst.], 370

particulate pollutants in air of United States [Zimmer et al., abst.], 77

soldering fumes: air pollution from [Boogaerdt & De Mooij, abst.], 149

solvent concentrations in: quantitative measurement of [Habil, abst.], 61

Alcohol

metabolism: significance of current research in [Tabershaw], 248

Alcoholism

- company program for problem drinking: 10 years' follow-up [Franco, abst.], 164
- significance of current research in alcohol metabolism [Tabershaw], 248

Allergy

- anaphylactic death from use of throat lozenge [Hesch, abst.], 56
- effect on experimental silicosis of hypersensitivity induced by horse serum [Powell & Gough, abst.], 71
- patch test study to determine cutaneous reaction to new compounds [Klauder], 407

Allylamines

- toxicity of [Hine et al.], 343

Aluminum

- dust lung: necropsy report [Ueda et al., abst.], 76
- tissue changes in rats' lungs caused by hydroxides, oxides, and phosphates of iron and [Stacy et al., abst.], 162
- tissue reactions to injected, and alumina in lungs and livers of mice, rats, guinea pigs, and rabbits [Engelbrecht et al., abst.], 72

A. M. A. ARCHIVES OF INDUSTRIAL HEALTH: See ARCHIVES OF ENVIRONMENTAL HEALTH

American Academy of Occupational Medicine

- 4th annual Institute for Physicians in Industry, Columbia University, New York, Feb. 1961, 288
- 12th annual meeting, Williamsburg, Va., Feb. 12, 1960: papers read, 177-288

American Conference of Governmental Industrial Hygienists

- threshold limit values for 1960, 140

Anaphylaxis: See Allergy

Angina pectoris

- return to work of patients with, and/or myocardial infarction [Green & Boroush, abst.], 163

ANNOUNCEMENTS, Ad p.12 (July), 83, 171, 288

APPARATUS AND INSTRUMENTS: See also FILTERS; etc.

- accurate particle size distribution with electroformed sieves [Irani & Callis, abst.], 81
- comparisons of investigations on cyclone dust collectors [Miczek, abst.], 81
- improved cascade impactor for measuring aerosol particle sizes [Mitchell & Pilcher, abst.], 79
- peak flow meter for measurement of maximum forced expiratory flow rate as means of estimating ventilatory capacity [Wright & McKerrow, abst.], 61

Apparatus and Instruments—continued

- polyvinyl plastic bag for measuring respiratory volumes [Cooper, abst.], 147
- respiratory carbon dioxide response curve computer [Bellville & Seed, abst.], 146
- subjective noise meters [Anderson, abst.], 64
- transistorized voice amplifier for use with respiratory masks [Gaskill & Meadors, abst.], 58

ARCHIVES OF ENVIRONMENTAL HEALTH

- first a new name—now a new editor [Dr. Katharine R. Boucot] (editorial) [Talbot], 289
- new name—three subtitles—broader mission [preventive medicine, occupational medicine, aerospace medicine] (editorial) [Talbot], Ad. p.11 (July)

Arteries, coronary: See Coronary vessels

Artificial silk

- manufacture: carbon disulphide poisoning [Magos et al., abst.], 70

Asbestosis

- and carcinoma of lung: case report and review of literature [Anderson & Campagna], 27

Atomic warfare: See also Radioactivity

- atomic bomb exposure and pregnancies of biologically related parents: prospective study of genetics effects [Schull & Neel, abst.], 373

Automobiles

- accident toll in 1959 [abst.], 146
- accidents, motor vehicle: heart disease and [Brandaleone, abst.], 149
- exhaust: health hazards of [Goldsmith & Rogers, abst.], 145
- operators of commercial vehicles: proposed medical standards for [Miller, abst.], 362

Aviation medicine: See Aerospace medicine

B

Bagassosis

- medical enigma [Buechner, abst.], 365

BAL: See Dimercaprol

Bantus: See Negroes

Behavior

- animal: trichloroethylene vapor effects on food motivated conditioned climbing reaction of rats [Grandjean], 106

Bentonite

- new wetting material for wet mechanical drilling in mining industry: prevention of silicosis by use of [Naduvary et al., abst.], 152

SUBJECT INDEX TO VOLUME 1

Benzene

reticuloendothelial response to [Wirtschafter & Bischel], 10

Benzene hexachloride

lindane poisoning in family [Wilson, abst.], 56

Beryllium

disease: natural history of [Williams, abst.], 68

toxicity and other hazards of, and rocket propellants, chiefly boron compounds [Bost, abst.], 68

toxicity: bibliography (1942-1956) on toxicology of [Riese, abst.], 68

Bites, snake: See Snake bites

Blood

copper content, increase, in silicosis [Guyotjeannin, abst.], 151

enzymes: effect of carbon tetrachloride inhalation on serum and tissue enzymes [Cornish & Block], 96

erythrocytes: See Erythrocytes

pCO₂, arterial and mixed venous: simple rapid methods of estimating [Campbell & Howell, abst.], 148

quartz-agglutination reaction with serum of patients with silicosis [Schliploter et al., abst.], 71

Blood pressure, high: See Hypertension

Blood proteins

C-reactive protein: investigations of serum of silicotic subjects for presence of [Gaultier et al., abst.], 71

Bone marrow

activity and erythrocyte destruction in chronic cadmium poisoning: studies with Fe⁵⁹ on rabbits [Berlin & Friberg], 478

in industrial lead poisoning [David, abst.], 153

Books

Air Pollution Foundation. Sixth Technical Progress Report [Faith & Renzetti], 174

American Society for Testing Materials: ASTM Standards on Methods of Atmospheric Sampling and Analysis, 172

Annotated Bibliography. Occurrence and Biological Effects of Fluorine Compounds: Vol. I. Inorganic Compounds. Books 1 and 2 [Campbell & Widner], 173

ASTM Standards on Methods of Atmospheric Sampling and Analysis [American Society for Testing Materials], 172

Billig, H. E., Jr., and Minsker, R. S.: Elongation Treatment of Low Back Pain, 376

Books—continued

Campbell, I. R., and Widner, E. M.: Annotated Bibliography. Occurrence and Biological Effects of Fluorine Compounds Vol. 1. Inorganic Compounds. Books 1 and 2, 173

Chemical Analysis of Air Pollutants [Jacobs], 172

Contributions from Department of Preventive Medicine and Public Health, Osaka City University Medical School. Vol. 1, April, 1949-March, 1959 [Horiuchi, ed.], 462

Dautrebande, L.: Studies on Aerosols. AEC Project Ur-530, issued Oct. 1, 1959, 86

Elongation Treatment of Low Back Pain [Billig & Minsker], 376

Faith, W. L., and Renzetti, N. A.: Air Pollution Foundation. Sixth Technical Progress Report, 174

Fine Particle Measurement [Orr & DallaValle], 86

Gas Purification [Kohl & Riesenfeld], 376

Handloser, J. S.: Health Physics Instrumentation, 461

Hanlon, J. J.: Principles of Public Health Administration. Ed. 3, 173

Health Physics Instrumentation [Handloser], 461

Horiuchi, K.: Contributions from Department of Preventive Medicine and Public Health, Osaka City University Medical School, Vol. 1, April, 1949-March, 1959, 462

Jacobs, M. R.: Chemical Analysis of Air Pollutants, 172

Klinik und Therapie der Vergiftungen [Moeschlin], 461

Kohl, A. L., and Riesenfeld, F. C.: Gas Purification, 376

Moeschlin, S.: Klinik und Therapie der Vergiftungen, 461

Orr, C., Jr., and DallaValle, J. M.: Fine Particle Measurement, 86

Principles of Disability Evaluation [Smith], 174

Principles of Public Health Administration. Ed. 3 [Hanlon, abst.], 173

Sampling Microbiological Aerosols, USDHEW/HPS, Public Health Monograph No. 60 [Wolf et al.], 462

Smith, W. C.: Principles of Disability Evaluation, 174

Sonderausschuss Radioaktivität Bundesrepublik Deutschland. 2d Report, 172

Studies on Aerosols. AEC Project Ur-530, issued Oct. 1, 1958 [Dautrebande], 86

Wolf, H. W., and others: Sampling microbiological aerosols, USDHEW/HPS, Public Health Monograph No. 60, 462

Boucot, Dr. Katharine R.
new Chief Editor, ARCHIVES OF ENVIRONMENTAL HEALTH (editorial), 289

Brain
temporal lobe epilepsy: problem, in occupational medicine [Baldwin], 253

Bromides
chronic ingestion by dogs of methyl bromide-fumigated food [Rosenblum et al.], 316

Bronchi
mucous glands, bronchial, in white South African gold miners: histological survey [Chatgidakis], 335

Bronchomycosis *fenisearum*: See Farmer's lung

Building materials
development of probe for measuring coefficient of thermal conductivity in [Erkelens, abst.], 166

Byssinosis
clinical and environmental study of, in Lancashire cotton industry [Roach & Schilling, abst.], 365

C

Cadmium
oxide fume poisoning: use of dimer-caprol in treatment of [MacFarland], 487

poisoning [Evans, abst.], 149
poisoning, chronic: bone-marrow activity and erythrocyte destruction in: studies with Fe^{59} on rabbits [Berlin & Friberg], 478

poisoning, experimental: renal lesions in [Bonnell et al., abst.], 368

Caisson disease: See Decompression sickness

Calcium E.D.T.A.: See Edathamil

Cancer
incidence of malignant disease in 1,620 African (Bantu) gold miners: autopsy survey [Chatgidakis], 17

lung, smoking and: statement of Public Health Service [Burney, abst.], 77
role of roasted chromite ore in production of [Payne], 20

skin, in workers exposed to coal hydrogenation process: control program [Sexton], 208

Carbon
black, physiological effects of: adsorption and solution potentials; subcutaneous injections [Nau et al.], 512
electrodes: pneumoconiosis in makers of [Watson et al., abst.], 74

Carbon dioxide
respiratory, response curve computer [Bellville & Seed, abst.], 146

Carbon disulfide
maximum permissible concentration of carbon bisulphide in atmospheric air of residential districts [Gildenskiold, abst.], 78

poisoning in artificial silk manufacture [Magos et al., abst.], 70
toxic action of, on tissues [Michalova et al., abst.], 160

Carbon monoxide
poisoning, chronic (editorial) [abst.], 67
poisoning: current controversy [Croton, abst.], 149

Carbon tetrachloride
effect of, inhalation on serum and tissue (liver) enzymes [Cornish & Block], 96
vitamin B₁₂ protection in experimental liver injury to rat by [Kasbekar et al., abst.], 157

Carcinogenesis
carcinogenic effect of coal hydrogenation materials on skin of mice [Weil & Condra], 187

Carcinoma
incidence of malignant disease in 1,620 African (Bantu) gold miners: autopsy survey [Chatgidakis], 17
of lung associated with asbestosis: case report and review of literature [Anderson & Campagna], 27
of lung: relationship of noxious gases to, in railroad workers [Kaplan, abst.], 76

Cardiovascular system: See also Heart
effects of muscular work and heat on [Brouha, abst.], 154

Cement
dermatitis [Calnan, abst.], 73
primary irritant nature of [Morris], 301

Center for Prevention of Occupational Deafness
activity of: January 1, 1953 to June 30, 1959 [Maggiorotti, abst.], 370

Chelating agents
in prevention and treatment of occupational diseases [Brieger], 271

Chemicals
agricultural: occupational disease in California attributed to pesticides and [Kleinman et al.], 118
dangerous: moral responsibility and [Scott, abst.], 58

Chrome: See Chromium

Chromite ore
roasted: role, in production of cancer [Payne], 20

Chromium
extraction from chrome-tanned leathers by human sweat [Samitz & Gross, abst.], 72

SUBJECT INDEX TO VOLUME 1

Chromium—continued

in urban atmosphere: collection and determination of [Belth et al.], 311

Cleansing agents

efficiency of, in decontamination of human skin experimentally soiled by radioactive materials [Felton & Rozas], 87

Climate

equatorial: analysis of some observations of thermal comfort in [Webb, abst.], 81

Coal

hydrogenation [Eckardt], 232

hydrogenation: hazards to health in [Sexton, pts. I, IV; Weil & Condra, pt. II; Ketcham & Norton, pt. III], 181-208

hydrogenation: industrial hygiene studies [Ketcham & Norton], 194

hydrogenation, process: cancer control program and clinical effects [Sexton], 208

hydrogenation, process: carcinogenic effect of materials on skin of mice [Weil & Condra], 187

mining: See under Mining

Cobalt hydrocarbonyl

inhalation toxicity of [Palmes et al., abst.], 155

Compensation: See Workmen's compensation

Compressed air: See Air, compressed

Coniomycosis

of rice workers [Bugyi, abst.], 163

Corn dust

pneumoconiosis danger from, in dockers [Troisi, abst.], 368

Copper in blood: See Blood, copper

Coronary vessels

coronary heart disease, development of: 6 years' follow-up experience in Framingham study [Dawber et al., abst.], 362

Cotton industry

clinical and environmental study of byssinosis in Lancashire [Roach & Schilling, abst.], 365

Crab-grass killer

dermatoses from phenylmercuric salts in [Morris], 53

Crane drivers

of Oslo Harbor, 1946-1957: absence rates among [Broch, abst.], 63

o-Cresyl phosphate

poisoning: outbreak of paralysis in Morocco due to [Smith & Spalding, abst.], 67

Cristobalite

formation from moulding clay [Pascal & Werner, abst.], 149

Cyanosis

chemical: causes, effects, and prevention [Wetherhold et al.], 353

Cyclone dust collectors: See Dust

D

Dampers

multiple-leak, for proper air flow control: how to select [Brown, abst.], 167

Deafness

activity of Center for Prevention of Occupational Deafness, January 1, 1953 to June 30, 1959 [Maggiorotti, abst.], 370
occupational, in steel industries [Calcagno et al., abst.], 369

Death

anaphylactic, from use of throat lozenge [Hesch, abst.], 56

DEATHS

Gehrmann, George H., 177

Decompression sickness

individual predisposition to [Rozsammegy, abst.], 366

Decontamination of skin: See under Skin

Dentistry

dental x-ray work: shield for patient protection in [Dunning, abst.], 169

Dermatitis

cement [Calnan, abst.], 73
cement, primary irritant nature [Morris], 301
from phenylmercuric salts [Morris], 53
potential: patch test study to determine cutaneous reaction to new compounds [Klauder], 407

Dermatoses: See under Skin

Diabetes mellitus

in employed population [Pell & D'Alonzo, abst.], 154

Diagnosis: See Physical examination

Diathermy

short-wave, microwave, and ultrasonic: efficiency of, in heating hip joint [Lehmann et al.], 72

Diisocyanates

experiences with [Munn, abst.], 158
toluene diisocyanate: See Toluene

Dimercaprol

use of BAL in treatment of cadmium oxide fume poisoning [MacFarland], 487

Dimethylformamide

intoxication [Tolot et al., abst.], 68

Dipoles

electrical or magnetic: theory of coagulation of disperse system having [Zebel, abst.], 79

Disability

- days of, due to heart conditions and high blood pressure—reported in interviews: health statistics [U.S. National Health Survey, abst.], 363
- evaluation of degree of: problem areas in pneumoconiosis [Kleinfeld & Mesite], 433

Diseases, occupational: See Occupational medicine

Dockers

- pneumoconiosis danger from corn dusts in [Troisi, abst.], 368

Drugs

- patch test study to determine cutaneous reaction to new compounds [Klauder], 407
- toxicity of long-acting and high-potency drugs (editorial, abst.), 57

Dust

- aluminum dust lung: necropsy report [Ueda et al., abst.], 76
- coal: comparison of coal miners exposed to, and those exposed to silica dust [Anderson et al.], 540
- corn: pneumoconiosis danger from, in dockers [Troisi, abst.], 368
- "critical dust concentrations" in Austria: determination of [Drossler et al., abst.], 152
- cyclone dust collectors [Miczek, abst.], 81
- defense of lung against, and its physiological basis [Pollicard, abst.], 69
- nepheline rock: massive pneumoconiosis from rock dust containing no free silica [Barrie & Gosselin], 109
- silica: changes in lung lipids of rabbits and guinea pigs exposed to inhalation of [Marks & Marasas, abst.], 368
- silica: comparison of coal miners exposed to coal dust and those exposed to [Anderson et al.], 540
- stone, carborundum and corundum artificial grinding: pathological characteristics of [Miklos, abst.], 367
- threshing work, dust concentration during: investigation of microflora of dust [Freytag et al., abst.], 150
- toxicity: measurement of, in vitro [Marks & James, abst.], 72
- wood: pathological characteristics of [Miklos, abst.], 367

E

Edathamil

- determination of protoporphyria and lead elimination after calcium versenate in diagnosis of foregoing lead poisoning [Saita, abst.], 369
- treatment of silicosis by calcium E.D.T.A. [Thieblot et al., abst.], 164

EDITORIALS

- first a new name—now a new editor [Talbot], 289
- new name—three subtitles—broader mission (ARCHIVES OF ENVIRONMENTAL HEALTH) [Talbot], Ad p. 11 (July)

EDTA: See Edathamil

Electrical dipoles: See Dipoles

Electrodes

- carbon: pneumoconiosis in makers of [Watson et al., abst.], 74

Engineering

- aspects of air pollution [Graber], 234

Environment

- heat stress in extremely hot, and infrared reflectance of some potential shielding materials [abst.], 366
- hot, evaluating of [Scherberger, abst.], 365
- levels of radioactivity in: new monthly technical publication prepared by Public Health Service, 375
- research in radioactive contamination of [Straub], 302
- temperature, environmental, and humidity: effect on lead poisoning in animals [Baetjer et al.], 463

Environmental health: See also Aerospace medicine; Occupational medicine; Preventive medicine

- ARCHIVES OF ENVIRONMENTAL HEALTH, (editorials) [Talbot], Ad p. 11 (July); 289

Industrial change: mental health and [Rogge], 265

Industrial hygiene needs of future [Clayton, abst.], 56

Enzymes

- serum and tissue: effect of carbon tetrachloride inhalation on [Cornish & Block], 96

Epidemiologic methods

- in study of silicosis [Parrish & Ashe], 129

Epilepsy

- temporal lobe: problem of, in occupational medicine [Baldwin], 253
- work performance of epileptics in industry [Udel], 257

Equipment: See Apparatus and instruments

Erythrocytes

- destruction: bone-marrow activity and, in chronic cadmium poisoning: studies with Fe⁵⁹ on rabbits [Berlin & Friberg], 478

Exercise

- increase in diffusing capacity of lungs on: experimental and clinical study [MacNamara et al., abst.], 147

SUBJECT INDEX TO VOLUME 1

Exhaust, automobile: See Automobiles

Exhaust, diesel: See Railroads

EXHIBITS

public protection in open exhibit of radioactivity [Harris], 377

Eyes

irritation from air pollution [Hine et al., abst.], 169

F

Factories

noise in: statistical measurement [Sacerdote, abst.], 62
small, survey of [Jefferys & Wood, abst.], 364

Farmer's lung

and acute pulmonary disease due to threshing mouldy grain [Uyterlinde, abst.], 169
or Bronchomycosis feniseccarum [Quinlan & Hiltz, abst.], 65
report of 2 cases [Baldur & Peter, abst.], 163

Farms

agricultural chemicals: occupational disease in California attributed to pesticides and [Kleinman et al.], 118
industrial hygiene for, by mail order [Berry, abst.], 63

Filters

from submicron-diameter organic fibers for collecting particles from stratosphere [Cadle & Thuman, abst.], 164
performance of membrane, against aerosols containing particles smaller than 0.1 micron [Walkenhorst, abst.], 166
testing: for use with radio-active aerosols [Hasenclever, abst.], 167

Fluoroscopy

cardiac, routine: unnecessary health hazard [Corday & Jaffe, abst.], 168

Fog

and health: Glasgow [MacGregor, abst.], 371
London disaster: meteorological conditions and mortality [Boyd, abst.], 165

Food sanitation

chronic ingestion by dogs of methyl bromide-fumigated food [Rosenblum et al.], 316

Foundries

silicosis in [Barbera Armelles, abst.], 64

Freon

as cause of poisoning [Dalhamn, abst.], 65

Fuels

motor: public health aspects of increasing content of tetraethyl lead in [U.S. Public Health Service Publication, abst.], 77; 80

Fumes

cadmium oxide fume poisoning: use of dimercaprol in treatment of [MacFarland], 487
metal fume fever as immunological disease [McCord, abst.], 149
soldering: air pollution from [Boogaerd & De Mooij, abst.], 149

G

Gamma benzene hexachloride: See Benzene hexachloride

Gamma rays: See Radiation

Gases

exhaust, automobile: See Automobiles
fatal gassing in acetylene manufacturing plant [Jones], 417
gaseous air pollutants: aerosol formation from [Prager et al., abst.], 370
gaseous hydrocarbons: application of diffusion cells to production of known concentrations of [Altshuler & Cohen, abst.], 364
methods of sampling and storage of air containing vapors and [Baker & Doerr, abst.], 165
noxious: relationship to carcinoma of lung in railroad workers [Kaplan, abst.], 76

Gasoline

vapor: effects on human volunteers of exposure to air containing [Davis et al.], 548

Gehrman, George Howard, M.D.

1890-1959—in memoriam [Kehoe], 177

Genetics

atomic bomb exposure and pregnancies of biologically related parents: prospective study of genetic effects [Schull & Neel, abst.], 373

Glass works

heat radiation particularly in [Borneff, abst.], 60

Glaucoma

new challenge to occupational medicine [Ryan], 278

Gold mining: See Mining

Gordon Research Conferences

New London, New Hampton, and Meriden, N.H., June-September, 1960: program, 83

Guided missile

cruiser: radiation hazards aboard [Johnson et al., abst.], 58

H

Health

examination: See Physical examination
international: role of International Cooperation Administration in [Campbell], 502

Heart

conditions and high blood pressure and days of disability due to these conditions: health statistics [U.S. National Health Survey, abst.], 363
disease and motor vehicle accidents [Brandaleone, abst.], 149
evaluation of cardiac patient for work capacity [Benton, abst.], 163
infarction: See Myocardial infarction

Heat

effects of muscular work and, on cardiovascular system [Brouha, abst.], 154
evaluating hot environments [Scherberger, abst.], 365
radiation: See under Radiation
stress in extremely hot environments, and infra-red reflectance of some potential shielding materials [Lewis et al., abst.], 366

Humidity

effect of environmental temperature and, on lead poisoning in animals [Baetjer et al.], 463

Hydrocarbons

gaseous: application of diffusion cells to production of known concentrations of [Altshuller & Cohen, abst.], 364
halogenated: occupational disease in California attributed to pesticides and agricultural chemicals [Kleinman et al.], 118
polynuclear aromatic, in particulates of diesel exhausts in railway tunnels and in particulates of urban atmosphere [Moore & Katz, abst.], 370
polynuclear aromatic, in urban air: some particulates: separation and characterization of [Sawicki et al., abst.], 371

Hydrogen chloride

aerosols in atmospheric air: data for determination of maximum permissible concentration of [Elfimova, abst.], 78

Hydrogenation of coal: See under Coal

Hypersensitivity: See Allergy

Hypertension

and heart conditions and days of disability due to these conditions: health statistics [U.S. National Health Survey, abst.], 363

I

Industrial health: See Environmental health

Industry

mental health and industrial change [Rogg], 265
physicians: See Physicians

Infrared rays

heat radiation in ironworks: investigations on [Borneff, abst.], 64
heat radiation, particularly in glass works [Borneff, abst.], 60
heat stress in extremely hot environments, and infra-red reflectance of some potential shielding materials [Lewis et al., abst.], 366

Insecticides: See also under specific insecticides

occupational disease in California attributed to pesticides and agricultural chemicals [Kleinman et al.], 118

Institute for Physicians in Industry

4th annual, Columbia University, New York, Feb. 1961: postgraduate courses, 288

Insurance: See Workmen's compensation

International Congress on Occupational Health

13th, New York City, July 1960, Ad p. 12 (July)

International Cooperation Administration
role, in international health [Campbell], 502

Iron

deposits in silicotic lungs from pottery industry: histology [Otto & Maron; abst.], 160
hydroxides, oxides, and phosphates of: aluminum and: tissue changes in rats' lungs caused by [Stacy et al., abst.], 162

Iron, radioactive

bone-marrow activity and erythrocyte destruction in chronic cadmium poisoning: studies with Fe^{59} on rabbits [Berlin & Friberg], 478

Ironworks

investigations on heat radiation in [Borneff, abst.], 64

K

Kaolin

effect of raw and calcined, on lung and peritoneum of rats [Schmidt & Luechtrath, abst.], 160
workers: clinical and roentgenological study of [Ederfeld], 392

Kidneys

lesions in experimental cadmium poisoning [Bonnell et al., abst.], 368

L

Lead poisoning

bone marrow in industrial [David, abst.], 153

SUBJECT INDEX TO VOLUME 1

Lead poisoning—continued

- environmental temperature and humidity: effect on, in animals [Baetjer et al.], 463
- self-poisoning with lead [Baader, abst.], 368
- semeiology of early, and value of laboratory tests for its diagnosis [Szewczykowski, abst.], 76

Leathers

- chrome-tanned: extraction by sweat of chromium from [Samitz & Gross, abst.], 72

Legislation

- digest of State air pollution laws [U.S. Public Health Service Publication, abst.], 76
- workmen's compensation: See Workmen's compensation

Lindane: See Benzene hexachloride

Lipids

- lung: changes in, of rabbits and guinea pigs exposed to inhalation of silica dust [Marks & Marasas, abst.], 368

Liver

- carcinoma, incidence in 1,620 African (Bantu) gold miners: autopsy survey [Chatgidakis], 17
- enzymes: effect of carbon tetrachloride inhalation on serum and tissue enzymes [Cornish & Block], 96
- injury, experimental, to rat by carbon tetrachloride: vitamin B₁₂ protection in [Kasbekar et al., abst.], 157

Longevity

- application of cohort analysis to study of ionizing radiation and, in physicians [Seltzer & Sartwell, abst.], 373

Lozenges

- analphyllactic death from use of throat lozenge [Hesch, abst.], 56

Lungs

- acute pulmonary disease and "farmer's lung" due to threshing mouldy grain [Uyterlinde, abst.], 169
- airway resistance and lung compliance: effects of histamine and hyperventilation in patients with chronic lung disease [Storstein et al., abst.], 146
- cancer: smoking and (statement of Public Health Service) [Burney, abst.], 77
- carcinoma associated with asbestosis: case report and review of literature [Anderson & Campagna], 27
- carcinoma, incidence in 1,620 African (Bantu) gold miners: autopsy survey [Chatgidakis], 17
- carcinoma: relationship of noxious gases to, in railroad workers [Kaplan, abst.], 76
- defense of, against dust and its physiological basis [Policard, abst.], 69

Lungs—continued

- farmer's lung: See Farmer's lung
- fibrosis, chronic diffuse interstitial [Scadding, abst.], 147
- fibrosis in scleroderma: pulmonary function studies to evaluate corticosteroid and relaxin therapy [Tranquada et al., abst.], 364
- function: impairment in pneumoconioses [Motley, abst.], 154
- function, regional: studies, using radioactive oxygen [Dyson et al., abst.], 148
- lipids: changes in, of rabbits and guinea pigs exposed to inhalation of silica dust [Marks & Marasas, abst.], 368
- pathological characteristics of wood-dust, carborundum and corundum artificial grinding stone dust [Miklos, abst.], 367
- phagocytosis: fate of inhaled particles in early postexposure period [LaBelle & Brieger], 423
- pneumoconiosis massive, from rock dust containing no free silica: nepheline lung [Barrie & Gosselin], 109
- sensitization to toluene diisocyanate: case report [Kessler, abst.], 153
- silicotic subjects: quartz containing ash obtained from [Kern, abst.], 66
- smokers and nonsmokers: vascular measurements of [Pagan-Carlo, abst.], 76
- smoking habits, Anglo-Danish comparison: respiratory symptoms, bronchitis, and ventilatory capacity [Olsen & Gilson, abst.], 148

M

Magnetic dipoles: See Dipoles

Mail order

- industrial hygiene for farm by [Berry, abst.], 63

Malathion

- intoxication: ascending paralysis following [Healy, abst.], 162

Masks, respiratory

- transistorized voice amplifier for use with [Gaskill & Meadors, abst.], 68

Meat products

- vacuum-packed: bacteriological and hygienic studies of [Linderholm, abst.], 147

Medicine, aerospace: See Aerospace medicine

Medicine, occupational: See Occupational medicine

Medicine, preventive: See Prevention medicine

Medicolegal factors: See Legislation; Workmen's compensation

Mental health
and industrial change [Rogg], 265

Metals

metal fume fever as immunological disease [McCord, abst.], 149
poisoning: chelating agents in prevention and treatment of occupational diseases [Brieger], 271

Meteorology

meteorological conditions and mortality [Boyd, abst.], 165

Methyl bromide

chronic ingestion by dogs of methyl bromide-fumigated food [Rosenblum et al.], 316

Methylechloroform: See 1,1,1-Trichloroethane

Milk

radioactivity in: sampling intervals for surveillance of [Sax et al., abst.], 373

Mining

comparison of coal miners exposed to coal dust and those exposed to silica dust [Anderson et al.], 540
incidence of malignant disease in 1,620 African (Bantu) gold miners: autopsy survey [Chatgidakis], 17
prevention of silicosis by use of new wetting material based on bentonite for wet mechanical drilling in [Nadudvary et al., abst.], 152
respiratory disability in Witwatersrand gold miners free of radiological silicosis [Becklake et al., abst.], 75
study of bronchial mucous glands in white South African gold miners: histological survey [Chatgidakis], 335

Motor vehicles: See Automobiles

Muscular work

effects of, and heat on cardiovascular system [Brouha, abst.], 154

Myocardial infarction

return to work of patients with angina pectoris and/or [Green & Borousch, abst.], 163

N

Negoes

incidence of malignant disease in 1,620 African (Bantu) gold miners: autopsy survey [Chatgidakis], 17

Nepheline rock

dust: massive pneumoconiosis from rock dust containing no free silica [Barrie & Gosselin], 109

Nervous system

central, damage to, from work with pneumatic tools [Novotny & Uher, abst.], 366

New York University Post-Graduate Medical School
occupational medicine course, 171

NEWS AND COMMENT, 83, 171, 288, 375

Nitrite ion

ultraviolet determination of nitrogen dioxide as [Altshuller & Wartburg, abst.], 80

Nitro compounds

aliphatic: in vitro effects of, on tissues [Estes & Gast], 47
aromatic: toxicological investigation of some, used in industry in Hungary [Sziza & Magos, abst.], 155

Nitrogen

dioxide: ultraviolet determination of, as nitrite ion [Altshuller & Wartburg, abst.], 80
oxide formation in autoignition of liquid fuel-sprays: air pollution [Mullaney, abst.], 370

Nitroglycerol

poisoning [Maccherini & Camarri, abst.], 70

β -Nitronaphthalene

physiological response of animals to [Treon & Cleveland], 324

Noise

in factory: statistical measurement [Sacerdote, abst.], 62
reduction in high pressure fluid transfer systems [Vetter & Venable, abst.], 66
subjective, meters [Anderson, abst.], 64
traffic, problems in Germany [Grutzmacher, abst.], 57

O

Occupational medicine: See also Preventive medicine

American Academy of Occupational Medicine: 12th annual meeting, Williamsburg, Va., Feb. 12, 1960: papers read, 177-288

chelating agents in prevention and treatment of occupational diseases [Brieger], 271

clinical survey of cross-section of industrial worker group [Birk], 291

Institute for Physicians in Industry, 4th annual, Columbia University, New York, Feb. 1961: postgraduate courses, 288

New York University Post-Graduate Medical School: courses, 171
occupational disease in California attributed to pesticides and agricultural chemicals [Kleinman et al.], 118

Odors

adsorption of odorous materials: surface potential changes [Kopplin et al., abst.], 166

odor control methods in air conditioned space [Viessman, abst.], 81

SUBJECT INDEX TO VOLUME 1

Oils

- lubricating and cutting: tolerance of skin to [Hodgson, abst.], 73

Organometallic compounds

- toxicology of [Lewis, abst.], 153

Ozone

- susceptibility to respiratory infections (*Klebsiella pneumoniae*) of animals exposed to [Miller & Ehrlich, abst.], 75

P

Paralysis

- ascending, following malathion intoxication: case report [Healy, abst.], 162
- due to *o*-cresyl phosphate poisoning: outbreak in Morocco [Smith & Spalding, abst.], 67

Parathion

- poisoning, severe: treatment with 2-pyridine aldoxime methiodide (2-PAM) [Funckes], 404

Particulate matter

- accurate particle size distribution with electroformed sieves [Irani & Callis, abst.], 81
- adhesion of solid particles to solid surfaces [Kordecki & Orr], 1
- fate of inhaled particles in early post-exposure period: role of pulmonary phagocytosis [LaBelle & Brieger], 423
- filters from submicron-diameter organic fibers for collecting particles from stratosphere [Cadle & Thuman, abst.], 164
- fractionation effect in thermalprecipitator: implications for electronmicroscope particle size analysis [Thurmer, abst.], 80
- of diesel exhausts in railway tunnels and particulates of urban atmosphere: polynuclear aromatic hydrocarbons in [Moore & Katz, abst.], 370
- performance of membrane filters against aerosols containing particles smaller than 0.1 micron [Walkenhorst, abst.], 166
- pollutants in air of United States [Zimmer et al., abst.], 77
- separation and characterization of polynuclear aromatic hydrocarbons in urban air-borne particulates [Sawicki et al., abst.], 371

Patch test: See Skin

Permanent Committee and International Association on Occupational Health

- 13th International Congress on Occupational Health, New York City, July 1960, Ad p. 12 (July)

Pesticides

- occupational disease in California attributed to, and agricultural chemicals [Kleinman et al.], 118

Phagocytosis

- pulmonary: role in fate of inhaled particles in early postexposure period [LaBelle & Brieger], 423

Phenethyldiguanide

- dangerous side-effect [Walker & Linton, abst.], 62

Phenylmercuric salts

- dermatoses from [Morris], 53

Phosphate

- organic, chemicals: occupational disease in California attributed to pesticides and agricultural chemicals [Kleinman et al.], 118

Phosphoric esters

- poisoning: therapeutic effects of associated treatment with ACTH, chlorpromazine and atropine on [Frada & Gucciardi, abst.], 369

Physical examination

- periodic: clinical survey of cross-section of industrial worker group [Birk], 291
- periodic health examination [Elsom et al., abst.], 73
- proposed medical standards for operators of commercial vehicles [Miller, abst.], 362
- study of special purpose medical-history techniques: health statistics [U.S. National Health Survey, abst.], 363

Physicians

- Institute for Physicians in Industry, 4th annual: Columbia University, New York, Feb. 1961, 288
- longevity in: application of cohort analysis to study of ionizing radiation and [Seltser & Sartwell, abst.], 373
- regulatory problems in controlling ionizing radiations (administrative aspects) [Udel], 497

Pneumatic tools

- damage to central nervous system from work with [Novotny & Uher, abst.], 366

Pneumoconiosis: See also Asbestosis; Silicosis

- current concepts of pneumoconioses—clinical aspects [Sander, abst.], 153
- danger from corn dusts in dockers [Troisi, abst.], 368
- diatomaceous earth: coalescent lesion of [Caldwell, abst.], 75
- field research of National Coal Board [Fay & Rae, abst.], 151
- in carbon electrode makers [Watson et al., abst.], 74

Pneumoconiosis—continued

- laboratory method for study of: intra-bronchial injection of dust in dogs by use of bronchoscope [Mosinger et al., abst.], 151
- massive, from rock dust containing no free silica: nepheline lung [Barrie & Gosselin], 109
- problem areas in [Kleinfeld & Messite], 428
- problem of [Lupu & Velikan, abst.], 161
- pulmonary function impairment in pneumoconiosis [Motley, abst.], 154

Poisons and poisoning: See also Gases; Lead poisoning; Pesticides; Toxicity; Venoms, etc.

- acetylene: fatal gassing in acetylene manufacturing plant [Jones], 417
- cadmium [Evans, abst.], 149
- cadmium, chronic: bone-marrow activity and erythrocyte destruction in: studies with Fe³⁺ on rabbits [Berlin & Friberg], 478
- cadmium, experimental: renal lesions in [Bonnell et al., abst.], 368
- cadmium oxide fume: use of dimercaprol in treatment of [MacFarland], 487
- carbon disulphide, in artificial silk manufacture [Magos et al., abst.], 70
- carbon monoxide, chronic (editorial), [abst.], 67
- carbon monoxide: current controversy [Croton, abst.], 149
- o-Cresyl phosphate: outbreak of paralysis in Morocco due to [Smith & Spalding, abst.], 67
- Freon (chlorinated fluorinated hydrocarbon) as cause of [Dalhamn, abst.], 65
- lead: See Lead poisoning
- Lindane, in family [Wilson, abst.], 56
- metal: chelating agents in prevention and treatment of occupational diseases [Brieger], 271
- nitroglycerol [Maccherini & Camarri, abst.], 70
- parathion, severe: treatment with 2-pyridine aldoxine methiodide [Funckes], 404
- pesticides and agricultural chemicals: occupational disease in California attributed to [Kleinman et al.], 118
- trichloroethylene, chronic: absorption [Rubino et al., abst.], 156
- trichloroethylene, chronic: catabolism of derivatives [Rubino et al., abst.], 156
- trichloroethylene, chronic: metabolism [Scansetti et al., abst.], 156

Pollution, air: See Air pollution

Pottery industry

- histology of iron deposits in silicotic lungs from [Otto & Maron, abst.], 160

Pregnancy

- atomic bomb exposure and pregnancies of biologically related parents: prospective study of genetic effects [Schull & Neel, abst.], 373

Preventive medicine: See also Occupational medicine

- chelating agents in prevention and treatment of occupational diseases [Brieger], 271
- clinical survey of cross-section of industrial worker group [Birk], 291
- examination of concept of [Anderson & Rosen, abst.], 145
- regulatory problems in controlling ionizing radiations (administrative aspects for physician) [Udel], 497
- role of International Cooperation Administration in international health [Campbell], 502

Public Health Service, United States: See U.S. Public Health Service

2-Pyridine aldoxine methiodide

- treatment of severe parathion poisoning with [Funckes], 404

R

Radar

- radiation hazards aboard guided missile cruiser [Johnson et al., abst.], 58

Radiation: See also Atomic warfare; Infrared rays; Radar; etc.

- clinical and roentgenological study of kaolin workers [Edenfield], 392
- dosimeter, ORNL badge: criticality accident application of [Gupton et al., abst.], 169
- hazards [Paterson, abst.], 372
- hazards aboard guided missile cruiser [Johnson et al., abst.], 58
- heat radiation in ironworks: investigations on [Borneff, abst.], 64
- heat radiation, particularly in glass works [Borneff, abst.], 60
- initial clinical reaction to therapeutic whole-body roentgen radiation—some civil defense considerations [Levin et al., abst.], 168
- ionizing, and longevity in physicians: application of cohort analysis to study of [Seltser & Sartwell, abst.], 373
- ionizing: prospective study of genetic effects of, in man: atomic bomb exposure [Schull & Neel, abst.], 373
- ionizing: regulatory problems in controlling [Udel], 497
- medical aspects of ambient radiations of extraterrestrial space [Campbell, abst.], 168
- microwave: effects of environmental temperature and air volume exchange on survival of rats exposed to [Deichmann et al., abst.], 62

SUBJECT INDEX TO VOLUME 1

Radiation—continued

- public protection in open exhibit of radioactivity [Harris], 377
- shield for patient protection in dental x-ray work [Dunning, abst.], 169

Radioactivity

- bone-marrow activity and erythrocyte destruction in chronic cadmium poisoning: studies with Fe^{59} on rabbits [Berlin & Friberg], 478
- contamination, radioactive, of environment: research in [Straub], 302
- decontamination of human skin experimentally soiled by radioactive materials [Felton & Rozas], 87
- in milk: sampling intervals for surveillance of [Sax et al., abst.], 373
- levels of, in environment: new monthly technical publication prepared by Public Health Service, 375
- public protection in open exhibit of [Harris], 377
- testing filters for use with radio-active aerosols [Hasenclever, abst.], 167

Railroads

- individual predisposition to decompression sickness (construction work in underground railway) [Rozsamegyi, abst.], 366
- polynuclear aromatic hydrocarbons in particulates of diesel exhausts in railway tunnels [Moore & Katz, abst.], 370
- relationship of noxious gases to carcinoma of lung in railroad workers [Kaplan, abst.], 76

Refineries

- uranium refining: industrial hygiene of [Christofano & Harris], 438

Research

- current, in alcohol metabolism: significance of [Tabershaw], 248
- in radioactive contamination of environment [Straub], 302

Respiration

- absorption and distribution of $S^{35}O_2$ inhaled through nose and mouth by dogs [Balchum et al., abst.], 61
- airway resistance and lung compliance: effects of histamine and hyperventilation [Storstein et al., abst.], 146
- artificial: expired-air resuscitation [Cox et al., abst.], 364
- changes in forced expiratory volumes throughout day [Lewinsohn et al.], 147
- increase in diffusing capacity of lungs on exercise: experimental and clinical study [MacNamara et al., abst.], 147
- polyvinyl plastic bag for measuring respiratory volumes [Cooper, abst.], 147
- respiratory carbon dioxide response curve computer [Bellville & Seed, abst.], 146

Respiration—continued

- respiratory symptoms: Anglo-Danish comparison, with special reference to smoking habits [Olsen & Gilson, abst.], 148

Respiratory masks: See Masks, respiratory

Respiratory tract

- disease, chronic: comparison of miners, foundryworkers, and others in Staveley, Derbyshire [Higgins et al., abst.], 65
- pathological changes associated with inhalation of sodium zirconium lactate [Prior et al.], 297

Resuscitation

- expired-air [Cox et al., abst.], 364

Reticuloendothelial system

- reticuloendothelial response to benzene [Wirtschafter & Bischof], 10

Rice workers

- coniomycosis of [Bugyi, abst.], 163

Rocket propellants

- toxicity and other hazards of beryllium and: literature search [Bost, abst.], 68

Roentgen rays: See Radiation

"Ruster"

- in industry [Buckley & Lewis, abst.], 73

S

Scleroderma

- pulmonary fibrosis in: pulmonary function studies to evaluate corticosteroid and relaxin therapy [Tranquada et al., abst.], 364

Sedimentation

- sedimentation balance [Ioos, abst.], 61

Silica

- dust: changes in lung lipids of rabbits and guinea pigs exposed to inhalation of [Marks & Marasas, abst.], 368
- dust: comparison of coal miners exposed to coal dust and those exposed to [Anderson et al.], 540
- effect of different concentrations of silicic acid and silica dust on bio-synthesis of collagen in tissue cultures [Chvapil & Holecková, abst.], 74
- health of workers in plant making highly dispersed silica, Aerosil [Volk], 125
- powders: solubility and heat of wetting of [Paterson & Wheatley, abst.], 157
- toxicity in vitro: studies on neutralization of [Marks, abst.], 71

Silicosis

- antibody formation in case of: further experiments on animals to study problem of [Antweiler & Hirsch, abst.], 161

Silicosis—continued

- case of rapidly evolving [Milijic & Miletic, abst.], 367
- compensation for [Vigliani, abst.], 82
- copper content, increase, in serum of silicotic subjects [Guyotjeannin, abst.], 151
- C-reactive protein, presence of, in serum: technique used in investigations [Gaultier et al., abst.], 71
- epidemiologic methods in study of [Parrish & Ashe], 129
- hypersensitivity induced by horse serum: effect on experimental silicosis [Powell & Gough, abst.], 71
- in foundries [Barbera Armelles, abst.], 64
- iron deposits in silicotic lungs from pottery industry: histology [Otto & Maron, abst.], 160
- prevention, by use of new wetting material based on bentonite for wet mechanical drilling in mining industry [Nadudvary et al., abst.], 152
- progressive tendency of [Ahlmarm et al., abst.], 63
- proteins, nature of, in silicotic nodules produced experimentally in guinea pigs [Mosinger et al., abst.], 150
- quartz-agglutination reaction with serum of patients with [Schliploter et al., abst.], 71
- quartz containing ash obtained from lungs of acute and chronic silicotic animal subjects [Kern, abst.], 66
- treatment by calcium E.D.T.A.: preliminary communication [Thieblot et al., abst.], 164

Silk, artificial

- manufacture: carbon disulphide poisoning [Magos et al., abst.], 70

Skin

- cancer, in workers exposed to coal hydrogenation process: control program [Sexton], 208
- carcinogenic effect of coal hydrogenation materials on skin of mice [Weil & Condra], 187
- decontamination of human skin experimentally soiled by radioactive materials [Felton & Rozas], 87
- dermatitis: See Dermatitis
- dermatoses from phenylmercuric salts [Morris], 53
- lesions in workers exposed to coal hydrogenation process: control program [Sexton], 208
- patch test study to determine cutaneous reaction to new compounds [Klauder], 407
- primary irritant nature of cement [Morris], 301

Skin—continued

- subcutaneous injections; adsorption and elution potentials: study of physiological effects of carbon black [Nau et al.], 512
- tolerance to lubricating and cutting oils [Hodgson, abst.], 73
- Smoking: See Tobacco
- Snake bites
 - treatment [Stimson & Engelhardt, abst.], 150
- Sodium zirconium lactate
 - pathological changes associated with inhalation of [Prior et al.], 297
- Soldering
 - fumes: air pollution from [Boogaerdt & De Mooij, abst.], 149
- Solvents: See also specific solvents by name
 - concentrations in air: quantitative measurement of [Habil, abst.], 61
- Space medicine: See Aerospace medicine
- Spray painting
 - without compressed air [Berghout], 534
- Steel
 - corrosion of: atmospheric factors affecting [Sereda, abst.], 78
- Steel industry
 - occupational deafness in [Calcero et al., abst.], 369
- Stone dust
 - carborundum and corundum artificial grinding: pathological characteristics of [Miklos, abst.], 367

T

Temperature

- environmental, and humidity: effect on lead poisoning in animals [Baetjer et al.], 463

Tetraethyl lead

- increasing content in motor fuel: public health aspects [U.S. Public Health Service Publication, abst.], 77; 80

Thermal conductivity

- in building materials: development of probe for measuring coefficient of [Erkelens, abst.], 166

Threshold limit values for 1960

- adopted at 22d annual meeting of American Conference of Governmental Industrial Hygienists, 140

Threshing

- dust concentration during threshing work and investigation of microflora of dust [Freytag et al., abst.], 150
- "farmer's lung" and acute pulmonary disease due to threshing mouldy grain [Uyterlinde, abst.], 169

SUBJECT INDEX TO VOLUME 1

Tissue

- in vitro effects of aliphatic nitro compounds on tissues [Estes & Gast], 47
- toxic action of carbon disulphide on [Michalova et al., abst.], 160

Tobacco

- smoking and lung cancer: statement of Public Health Service [Burney, abst.], 77
- smoking habits: Anglo-Danish comparison of respiratory symptoms and ventilatory capacity in relation to [Olsen & Gilson, abst.], 148
- smoking habits: distribution and development of [Cartwright et al., abst.], 57
- vascular measurements of smokers and non-smokers [Pagan-Carlo, abst.], 76

Toluene

- diisocyanate: pulmonary sensitization to [Kessler, abst.], 153

Toxicity: See also Poisons and poisoning

- acetonitrile, accidental group exposure to: clinical study [Amdur, abst.], 68
- acetonitrile: mammalian [Pozzani, abst.], 69
- allylamines [Hine et al.], 343
- aromatic nitrocompounds used in industry in Hungary: toxicological investigation [Sziza & Magos, abst.], 155
- beryllium and rocket propellants, chiefly boron compounds: toxicity and other hazards [Bost, abst.], 68
- beryllium: bibliography (1942-1956) on toxicology of [Riese, abst.], 68
- beryllium disease: natural history of [Williams, abst.], 68
- carbon disulphide: toxic action on tissues [Michalova et al., abst.], 160
- carbon tetrachloride inhalation: effect on serum and tissue (liver) enzymes [Cornish & Block], 96
- cobalt hydrocarbonyl: inhalation [Palma et al., abst.], 155
- dimethylformamide intoxication [Tolot et al., abst.], 68
- drugs, long-acting and high-potency (editorial) [abst.], 57
- dust: measurement, in vitro [Marks & James, abst.], 72
- gasoline vapor: effects on human volunteers of exposure to air containing [Davis et al.], 548
- malathion intoxication: ascending paralysis following [Healy, abst.], 162
- organometallic compounds: toxicology of [Lewis, abst.], 153
- silica: studies on neutralization in vitro [Marks, abst.], 71
- 1,1,1-trichloroethane, metabolism of, by rat: study of toxicological properties [Hake et al.], 101
- triphenyl phosphate: industrial hygiene and toxicology of [Sutton et al.], 33

Toxicity—continued

- zirconium, sodium lactate: pathological changes associated with inhalation of [Prior et al.], 297

Traffic noise: See under Noise

1,1,1-Trichloroethane

- metabolism of, by rat [Hake et al.], 101

Trichloroethylene

- absorption of: studies on chronic poisoning [Rubino et al., abst.], 156
- catabolism of, derivatives: studies on chronic poisoning [Rubino et al., abst.], 156
- effects of vapors on animal behavior: food motivated conditioned climbing reaction of rats [Grandjean], 106
- metabolism of, in rabbits [Bartonicek & Soucek, abst.], 159
- metabolism of: studies on chronic poisoning [Scansetti et al., abst.], 156

Triphenyl phosphate

- industrial hygiene and toxicology of [Sutton et al.], 33

Tunnels, railway: See Railroads

U

Union Carbide Chemical Company

- hazards to health in hydrogenation of coal [Sexton, pts. I, IV; Weil & Cendra, pt. II; Ketcham & Norton, pt. III], 181-208

U.S. National Health Survey: See under U.S. Public Health Service

U.S. Public Health Service

- digest of State air pollution laws [Publication, abst.], 76

Venoms

treatment of snake bites [Stimson & Engelhardt, abst.], 150

Versenate: See Edathamil

Veterans

health and medical care, July 1957-June 1958: health statistics [U.S. National Health Survey, abst.], 363

Vital capacity

maximum forced expiratory flow rate as measure of ventilatory capacity with description of new portable instrument for measuring it [Wright & McKerrow, abst.], 61

ventilatory capacity: Anglo-Danish comparison, with reference to smoking habits [Olsen & Gilson, abst.], 148

Vitamins

B₆ protection in experimental liver injury to rat by carbon tetrachloride [Kasbekar et al., abst.], 157

Voice-amplifier

transistorized, for use with respiratory masks [Gaskill & Meadors, abst.], 58

W

Water

drops, cleaning capacity of: fundamental investigations on [Barth, abst.], 167

Wetting agents

bentonite, for wet mechanical drilling in mining industry: prevention of silicosis by use of [Nadudvary et al., abst.], 152

Wood dust

pathological characteristics of [Miklos, abst.], 367

Work

capacity: evaluation of cardiac patient for [Benton, abst.], 163

muscular: See Muscular work
performance of epileptics in industry [Udel], 257

Workmen's compensation

for silicosis [Vigliani, abst.], 82
problem areas in pneumoconiosis [Kleinfeld & Messite], 428

Wyers Memorial Lecture, 1958

moral responsibility and dangerous chemicals [Scott, abst.], 58

Z

Zirconium

sodium zirconium lactate: pathological changes associated with inhalation of [Prior et al.], 297
